

## JUNIOR ONLINE SUMMER COURSE – JULY 2020

The online junior program is designed for students aged 12 to 18 years old. It is not a replacement for our regular junior course in New York, as nothing can replace an immersion experience abroad. This online course is an alternative for our students, so that they can learn English and stay social through our online activities even if they cannot travel this summer.

We are offering them the chance to take a 3-week course with 30 hours of English lessons with our trained teachers, and attend fun activities with other young students from other countries, all from the comfort of their home. It is a great opportunity for students to stay connected with their peers, and for parents to keep their teens occupied for a few hours a day!

### How it works

We use the platform Zoom to conduct all our online classes. We have already been using Zoom for several weeks in order to deliver our adult English classes so our teachers are used to it. Not only is it extremely user-friendly for the students, it also offers our teachers many tools to foster a communicative classroom environment. Including live annotation, break-off rooms, chat groups, and polls.

### English Lessons

They will take place Monday to Friday for 2 hours each day (see times below). Our teachers are qualified, experienced and use a communicative method to encourage students to interact and use the language as much as possible. The students will be tested before the start of the program and grouped together according to their English level. They will receive a Zoom link in order to join the session online. It is easy!

Students just need:

- Their laptop preferably, or their smart phone
- A headset or earphones
- Pen and paper

### Social Activities

These will take place after a short break following the English lessons. We have compiled an exciting program of online activities designed to help students come out of their shell and practice English while having a great time. A few examples include Who's Who, Talent Show, Pictionary, Scavenger Hunt, Film Review... Please see the activity schedule for the full list of activities.
