

ENGLISH OUTDOORS STANDARD ENGLISH COURSE – 15 HOURS PER WEEK

The Standard course is a general English language course taught in small classes which allows our expert teachers to provide individual feedback and advice on how to improve and further develop language skills.

The lessons take place in the morning in outdoor locations throughout the city, and focus on learning through real-life communication through everyday situations, interesting contexts, and a variety of material. This course is designed to immerse students in the life of NYC while continuing to improve all four language skills (speaking, listening, reading, writing) as well as grammar and vocabulary.

Note: This course is available on an B1/B2 visa or ESTA.

ENGLISH OUTDOORS

Classes take place in locations all over the city, allowing students to learn English and make the most of NYC in a socially distant manner, all the while enjoying the best views and sights the city has to offer. Being immersed in the life and culture of NYC adds a unique element to the classroom experience, as students will be able to truly experience NYC life and culture first-hand in authentic settings.

Classes are rich in cultural content and conversation and also include weekly cultural and educational field trips around the city. Instead of being in a room with 4 walls, students learn in places such as Bryant Park, Brooklyn Bridge Park, Industry City, Essex Market, Central Park and more. The city becomes their classroom!

Locations have been carefully chosen based on comfort, space, ease of access, points of interest close by, proximity of public restrooms, etc.

Note: there is also a range of indoor locations for rainy days or when it is colder in the winter, so lessons are guaranteed, every day, whatever the weather.

Students receive their schedule and list of locations (along with location guides) every Friday for the following week, and meet their teacher and classmates every morning on location.
